

# Grandhome Scavenger Hunt

Now the weather is brighter and most of us are at home, many households are taking a daily walk around their local area to get some fresh air and exercise. Walking in the same area, you may feel like you see the same things, but there's lots of things to keep an eye out for. Why not do a Scavenger Hunt on your walk to take in your surroundings and notice the little things?

Just print off the below list and tick as you go – we've put some bonus finds at the end too.
